III. REPORTS:
A) Discussion of current Non-resident students – Mr. Conti read a statement (he requested that the statement be added to the minutes in its entirety). Mrs. Kotz did not agree with that request.

Tom Volz, the school district’s attorney advised the Board members that they needed to establish a policy that would specify and indicate the Board’s desires as far as grandfathering the existing non-resident students and to give the Board authority to establish tuition rates, rather than leaving it only to be set by the state formula. Mr. Berhalter and Mr. Conti raised concerns regarding the statement from the lawyer. Mr. Delano suggested that the Board look into doing an analysis on the actual cost of accepting non-resident students. He did not believe that there would be much cost for the non-resident students due to the low enrollment and the cost of up keeping the building. The most logical people would look at the empty desks, because many students would be unable to pay tuition explained Mr. Delano. Mr. Berhalter disagreed and believes the district would save on staffing. The Board agreed that the next step was to establish a committee that would perform a complete study on a true cost analysis for non-resident students to attend the District.
Resolved that the Board of Education of the Bridgehampton UFSD authorizes the Board of establish a committee to complete a study to provide a cost analysis to determine the true cost for a non-resident student to attend Bridgehampton UFSD.

Motion: Hiscock Seconded: Conti Vote: 7-0

B) Report on conversation with Sag Harbor School District for continued sharing – Dr. Youngblood shared that the meeting with Sag Harbor’s Superintendent was very positive. They discussed the possibilities of sharing Administrative cost for both districts. Dr. Youngblood said she would share more with the Board at the next meeting when she receives more information from Sag Harbor.

C) Superintendent’s Report
• Dr. Youngblood reported that she and Mr. Delano would be attending a press conference in Melville. The conference is in reference to identifying Career Academies.
• Stony Brook University summer science and math program in 2009.
• She talked about her meeting with Gary Bixhorn, from BOCES on the options of Shared Services and Programs. One option was the possibility of allowing BOCES to use two classrooms to offer two Career Technology Programs here at Bridgehampton. One would be for a nursing program and the other a clinical medical assisting program. Dr. Youngblood shared that she thought it would be a great opportunity for all the East End Schools. The Board gave Dr. Youngblood the go ahead to pursue the option with BOCES.
• Lastly Dr. Youngblood talked about a program for the 5th and 6th graders called the Explorers of the Extreme.
