Then they will send it out to Superintendents to add an additional services shared with other districts. She informed the Board that Dr. Gratto, Superintendent of Sag Harbor School District has expressed his interest in having our districts share a Business Administrator starting next year. Boards members thought that it might be best to wait until the new Superintendent is selected before making a final decision.
Departmental Meetings for the purpose of finalizing staffing and budget recommendations for 2010-2011, are very close to having a final recommendation for your consideration.

The Board re-opened the discussion about tuition rates for the 2010-2011 school year. They discussed if they should charge a sending district more or keep it the same as an individual parent paying out of district tuition.

After the discussion the Board agreed to keep it the same. Although no resolution was passed and they did not seek the Attorneys advice, they decided that while they cannot set next year’s tuition rates before the July reorganization meeting, they could consider offering to any district (offering school of choice) who wants to enter into an agreement with the district on or before July 1, 2010, that they would hold the tuition where it is. They also stated that they would charge the designated special education rates.
