

2017 ROSENBERG & GLUCK ROAD TO SAFETY ON LONG ISLAND SCHOLARSHIP

For many young drivers, the pervasive use of smartphones and instant messaging is a big part of daily lives and the temptation to text while driving is becoming harder and harder to combat. However, texting, taking selfies, Snapchatting, Tweeting, posting, liking, and sharing all pose a serious safety hazard for young drivers across the United States. These distracted driving activities are not only common among young drivers, but are also growing into an epidemic among all age groups. The scary statistics of collisions caused by cell phone usage is on the rise and is linked to thousands of car accidents resulting in serious injuries and deaths. At the law firm of Rosenberg & Gluck, LLP our Long Island personal injury lawyers see first-hand the devastation of motor vehicle collisions.

To advocate for road safety and spread the message about the dangers of texting and driving, Rosenberg & Gluck is proud to announce the creation of the 2017 Rosenberg & Gluck Road to Safety on Long Island Scholarship. The purpose of offering this scholarship is not only to help a student offset the cost of college but also to raise awareness on the issue of distracted driving.
