May 16, 2016

Dear Parents(s), Guardians(s), and Students:

As we prepare for 2016-2017 school year, I thought it would be helpful for you to have a list of the sports available for our students.

Numerous studies have clearly shown that student's involvement in athletics will lead to improvement in academics, as well as, improved self-esteem. In addition, students develop personal living skills. Skills such as discipline, cooperation, leadership and responsibility are all components of a quality athletic program.

It is my hope that our students will continue to take advantage and get involved in athletics. Also, it would be exciting to see students that have never participated in a sport to try a new activity.

I ask that student-athletes please have all completed paperwork to me prior to the starting date of any given sport (Physical, Parent Permission Slip, Emergency Information Card, Health Update and Signed Contract). All pertinent documents can be found on the school website or by contacting the me personally.

Please feel free to call me at school with any questions and or concerns. If you wish to participate in a fall sport, please have paperwork completed and left in my office by the start of the season. **Students will always need a health update card prior to sport participation if 30 days have passed since their athletic physical.**

Enjoy the rest of your summer; I look forward to the 2016-2017 school year.

Sincerely,

Michael Miller  
Director of Physical Education  
& Athletics
