Minutes: Brief summary of meeting

Summary:

We discussed the morning announcements. Much of what is discussed does not pertain to the elementary, however the pledge, birthday announcements, and what is for lunch is of interest. We discussed the possibility of doing the high school announcements at the end of first period. The other suggestion is rather than announcing some of the announcements, put it on the info-board. We also talked about the viability of having the student do a broadcast to live-stream the announcements, however time to do this makes it not be practical.

We also discussed the problem of students arriving and looking to get breakfast and coming late to homeroom. Dave Elliott said he would check on when the busses get here and when breakfast is available.

We will be working on the new website, it will probably not be ready until after the New Year. The company is taking the new design and uploading the content which takes the longest time. We will need to look at other websites to see if they have something that is not currently on our site, and incorporate it into our site so we are in line with what other schools have. That is our primary goal for the next 6 months.

We plan to have meetings on the first Wednesday of every month: Nov. 2, Dec. 7, Jan. 4, Feb. 1, Mar. 1, Apr. 5, and May 3. We may need additional meetings once the website is up and running.

It is the mission of the Bridgehampton School to inspire lifelong intellectual curiosity and respectful individual expression by reaching beyond our school community and teaching all students the essential skills to actively participate in the global community and to flourish in the 21st Century.
